KAVU IS AN ACRONYM FOR THE PERFECT DAY.

KAVU IS RUN BY FULL-ON FUN FANATICS LIVING FOR THE NEXT ADVENTURE.

A KAVU Day is when there isn't a cloud in the sky and you can see forever. KLEAR ABOVE VISIBILITY UNLIMITED. That limitless feeling

is our guiding philosophy and the attitude we bring into all we do. Our motto is busy livin', and we outfit a lifestyle filled with good times, close friends and the search for the next KAVU Day - the experience that leaves you exhilarated, exhausted and fully alive.

KAVU is work hard, play harder. It's sunsets and sunrises in every corner of the world. It's buckling down, pitching in and getting your hands dirty Local-Worldwide because Fun Has No Season!

HAVE A KAVU DAY!

SUSTAINABILITY MATTERS AT KAVU

At KAVU we have a Klear Above spirit geared toward protecting the planet. We want to improve the lives of the people we engage with during the adventure that is manufacturing.

We are continually working to reduce the negative and increase the positive, which is key to future KAVU Days!

This is a journey and one that is sacred to all of us at KAVU.

Starting in 2013, KAVU has been working hard behind the scenes implementing sustainable processes in our sourcing, manufacturing, packaging, office culture, warehousing and distribution.

This includes working with Bluesign and Okeo Tex certified suppliers, sourcing sustainable fabrics, requiring our partners to comply with a Code of Conduct and a Restricted Chemical List, conducting internal factory and process audits, and performing our own rigorous chemical testing.

THE JOURNEY CONTINUES

SOCKS THAT GIVE BACK

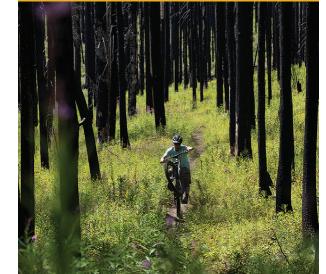

KAVU cares about local and worldwide causes. An amount equal to 20% of KAVU's production cost of the Orca Sock is donated directly to Center for Whale Research, a non-profit dedicated to the study and conservation of the southern resident Orca population in the Pacific Northwest. This donation is not dependent on sales. If we make the sock, we make a donation. The more socks we get to make, the more we get to donate. Simple as that. Since 1976, the Center for Whale Research (CWR) has been the leading organization studying the Southern Resident killer whales in their critical habitat: the Salish Sea. CWR performs health assessments to ensure the viability of the whale population, informing elected officials of their ecosystem needs, and sharing the whales' story with the world. The 43 years of research has created the only longterm data set about the behavior, health, and social dynamics of the Southern Resident killer whales.

This is a brand new initiative for the summer 2020 line that KAVU is very excited about. Under this program, KAVU will donate an amount equal to 20% of KAVU's production cost for one sock colorway to a designated cause each season. This program will include a specially designed sock that highlight that season's cause. The chosen cause will also be highlighted in the KAVU seasonal catalog and extensively on KAVU.com. This program, rolling out with KAVU Dealer involvement starting Summer 2021, will highlight a KAVU Dealer and a national or global cause with local implications for that dealer and its community. This will not only bring awareness and funds towards that cause but will build community relationships and local customers.

KAVU ATHLETES ARE HAND PICKED JUST LIKE THE FABRIC IN OUR FLANNELS.

Each is unique in their own way, but all dedicated to pushing the limits and making the most of every day.

It's not what they do, it's how they do it.
They put our clothing to the test all over
the world, whether soaring through the
atmosphere, circumnavigating the globe, or
summiting mountain peaks in the Himalayas.

OUT & ABOUT POLYESTER: 110Z 600D POLYESTER

600D polyester woven fabric is a good measure of strength and durability. The D in 600D stands for denier; a unit of measurement that describes the linear mass density of the material. OUT & ABOUT POLYESTER is the bee's knees. It's the queen bee of all queen bees.

FELT:

150Z 100% POLYESTER FELT

Felt, in general, has many great uses and so we "felt" it would be a great fall fabric for KAVU!
